

IAPRD 2020 Congress

Preliminary Scientific Program

Sunday, 7 June 2020

08:00	<i>Registration opens</i>
09:00 – 11:00	Resident and Trainee Presentations <i>10 presentations (5 minutes for each presentation + 5 minutes expert panel feedback and questions)</i>
09:00 – 09:50	Part 1: Parkinson Disease Expert Panel: Hubert Fernandez (US), Irena Rektorova (Czechia), Tiago Mestre (Canada), Maja Trost (Slovenia), Petr Kanovsky (Czechia); Yaroslau Compta (Spain)
09:50 – 10:00	Break
10:00 – 10:50	Part 2: Other Movement Disorders Expert Panel: Roongroj Bhidayasiri (Thailand), Jan Roth (Czechia), Zvezdan Pitosek (Slovenia), Ergun Uc (US), Evzen Ruzicka (Czechia)
10:50 – 11:00	Break
11:00 – 11:30	Resident and Trainee Program Understanding the peer review process: How to get your paper published Speakers: Vincenzo Bonifati (Netherlands), Hubert Fernandez (US), Huifang Shang (China)
11:30 – 13:00	Lunch
13:00 – 14:30	Plenary 1: Personalized Medicine in Parkinson Disease Chairs: Daniel Truong (US), Andreas Puschmann (Sweden)
13:00 – 13:30	Plenary Session 1a: Clinical subtyping to individualize patient information and treatment Speaker: Tiago Mestre (Canada)
13:30 – 14:00	Plenary Session 1b: Does PD genotype influence treatment decisions? Connie Marras (Canada)
14:00 – 14:30	Plenary Session 1c: PD dyskinesias: who will develop them, and can they be avoided? Speaker: Roberto Cilia (Italy)
14:30 – 15:00	Coffee break/Get to know your peer
15:00 – 16:30	Plenary Session 2: Future Directions in PD Diagnostics and Therapy Chairs: Erik Wolters (Netherlands), Mark Lew (US)
15:00 – 15:30	Plenary Session 2a: Tau and α -synuclein PET: recent developments Speaker: Hitoshi Shimada (Japan)
15:30 – 16:00	Plenary Session 2b: The promise of gene therapy in PD Speaker: Krystof Bankiewicz (US)
16:00 – 16:30	Plenary Session 2c: Devices, apps and gadgets: how will they change clinical practice? Speaker: Diego Torres-Russotto (US)

16:30 – 17:00	Coffee break/Get to know your peer
17:00 – 19:00	Opening Ceremony IAPRD Lifetime Achievement Award: Discovering the genetic causes of Parkinson disease Zbigniew Wszolek (US) Melvin Yahr Lecture: Parkinson's Disease and Essential Tremor: How Are They Related? Joseph Jankovic (US) Welcome Reception

Monday, 8 June 2020

08:00 – 09:30	Plenary Session 3: Parkinson Disease Therapeutic Updates: What's New? Chair: Tanya Simuni (US), Elena Moro (France)	
08:00 – 08:30	Plenary Session 3a: Pharmacological treatment of motor symptoms Speaker: Rajesh Pahwa (US)	
08:30 – 09:00	Plenary Session 3b: Treatment of nonmotor symptoms Speaker: Tanya Simuni (US)	
09:00 – 09:30	Plenary Session 3c: Lifestyle and behavioral therapies Speaker: Mark Hirsch (US)	
09:30 – 10:30	Coffee Break	Resident and Trainee Classroom I: Understanding Parkinson Disease (9:35 – 10:20) Speakers: Erik Wolters (Netherlands) and Stuart Isaacson (US)
10:30 – 12:00	Seminar 1: Parkinson Disease and Parkinsonism Chairs: Zbigniew Wszolek (US) and Weidong Le (China)	Parallel Session 1: Workshop in Atypical Parkinsonisms and Tremor Yoshio Tsuboi (Japan) and Saeed Abdullah Bohlega (Saudi Arabia)
10:30 – 11:00	Seminar 1a: How to detect early PD	Parallel 1a: Workshop MSA/PSP Speaker: Wassilios Meissner (France)
11:00 – 11:30	Seminar 1b: Recent developments in genetics of parkinsonisms Speaker: Vincenzo Bonifati (Netherlands)	Parallel 1b: Workshop CBD; other atypical Speaker: Helen Ling (UK)
11:30 – 12:00	Seminar 1c: Differential diagnosis of parkinsonisms Speaker: Heinz Reichmann (Germany)	Parallel 1c: Workshop tremors Speaker: Elan Louis (US)
	Lunch	
14:00 – 15:30	Plenary 4: Update on Disease Modifying Therapies for PD Chairs: Mark Lew (US), Etienne Hirsch (France)	
14:00 – 14:30	Plenary Session 4a: Synuclein targeted therapeutics: rationale and trial update Speaker: Deniz Kirik (Sweden)	
14:30 – 15:00	Plenary Session 4b: Cell transplantation: rationale and trial update Speaker: Jun Takahashi (Japan)	
15:00 – 15:30	Plenary Session 4c: Gene targeted therapeutics: rationale and trial update Tomas Björklund (Sweden)	
15:30 – 16:30	Coffee with the Professor Stanley Fahn (US) and Zbigniew Wszolek (US)	Guided Poster Tours I

16:30 – 18:00	Seminar 2: Individualized Management of PD Symptoms Chair: Petr Kanovsky (Czechia)	Skills Workshop 1: Deep Brain Stimulation and Pump Treatments Chair: Zvezdan Pirtosek (Slovenia), Rajesh Pahwa (US)
16:30 – 17:00	Seminar 2a: Freezing of gait – is there anything that really helps? Speaker: Simon Lewis (Australia)	Skills Workshop 1a: DBS programming Speaker: Joachim Krauss (Germany)
17:00 – 17:30	Seminar 2b: Cognition and psychiatric functions Speaker: Irena Rektorova (Czechia)	Skills Workshop 1b: Pump therapies for PD Speaker: Per Odin (Sweden)
17:30 – 18:00	Seminar 2c: Optimizing levodopa response and constipation through nutrition Speaker: Roberto Cilia (Italy)	Skills Workshop 1c: Cases / examples Speakers: Raja Mehanna (US) and Shilpa Chitnis (US)
18:00 – 19:30	“After Work” for Residents	IAPRD Annual General Meeting

Tuesday, 9 June 2020

08:00 – 09:30	Plenary Session 5: How Genetics Have Changed Hyperkinetic Syndromes Chairs: Vincenzo Bonifati (Netherlands) and Shinsuke Fujioka (Japan)	
08:00 – 08:30	Plenary Session 5a: Dystonia Speaker: Hyder Jinnah (US)	
08:30 – 09:00	Plenary Session 5b: Ataxias and hereditary spastic paraplegia Speaker: Matthias Synofzik (Germany)	
09:00 – 09:30	Plenary Session 5c: Chorea Speaker: Ruth Walker (US)	
09:30 – 10:00	Coffee Break	Resident and Trainee Classroom 2: Phenomenology of Rarer Movement Disorders, Understanding Clinical Genetics Speakers: Jinyoung Youn (S. Korea) Susanne Schneider (Germany)
10:30 – 12:00	Seminar 3: Personalized Approach to Patients with Movement Disorders Chair: Aida Kondybayeva (Kazakhstan), Zoltan Mari (US)	Parallel Session 2: Clinical Workshop with Videos: Diagnostic Approach to Patients with Hyperkinetic Syndromes Chairs: Jarolaw Slawek (Poland) and Pramod Pal (India)
10:30 – 11:00	Seminar 3a: Personalizing clinical and genetic diagnostics Speaker: Andreas Puschmann (Sweden) Seminar 3b: Does the PD clinical subtype or biomarker profile influence treatment decisions? Speaker: Mark Lew (US) Seminar 3c: Understanding home and health dynamics to improve the housing situation of people with movement disorders Speaker: Susanne Iwarsson (Sweden) Seminar 3d: Individualized care for patients with advanced or terminal stage PD and related disorders Speaker: Janis Miyasaki (US)	Parallel 2a: Dystonias Speaker: Alberto Albanese (Italy)
11:00 – 11:30		Parallel 2b: Ataxias Speaker: Shinsuke Fujioka (Japan)
11:30 – 12:00		Parallel 2c: Other rare movement disorders Speaker: Mathieu Anheim (France)
12:15 – 13:45	Lunch	
14:00 – 15:30	Plenary 6: Update on Therapies for Hyperkinetic Syndromes Chair: Heinz Reichmann (Germany), Evzen Ruzicka (Czechia)	
14:00 – 14:30	Plenary Session 6a: Treatment of hyperkinetic disorders: from common to rare	

	Speaker: Joseph Jankovic (US)	
14:30 – 15:00	Plenary Session 6b: Surgical treatments Speaker: Andres Lozano (Canada)	
15:00 – 15:30	Plenary Session 6c: Huntington disease: update on clinical trials Speaker: Blair Leavitt (Canada)	
15:30 – 16:30	Coffee with the Professor Joseph Jankovic (US)	Guided Poster Tours 2
16:30 – 18:00	Seminar 4: Rare Treatable Movement Disorders Chairs: Gulnora Rakhimbaeva (Uzbekistan) and T.T. Lim (Malaysia)	Skills Workshop 2: Botulinum Toxin Injections for Cervical Dystonia Chair: Joerg Wissel (Germany) and Jaroslaw Slawek (Poland)
16:30 – 17:00	Seminar 4a: When to suspect and how to diagnose rare treatable genetic movement disorders Speaker: Katja Lohmann (Germany)	Skills Workshop 2a: Recognizing cervical dystonia patterns Speaker: Jaroslaw Slawek (Poland)
17:00 – 17:30	Seminar 4b: Treatments for Wilson disease—choice, efficacy and evidence Speaker: Peter Hedera (US)	Skills Workshop 2b: Practical issues in muscle selection and ultrasound guidance Speaker: Anna Castagna (Italy)
17:30 – 18:00	Seminar 4c: Other rare movement disorders with treatments targeting disease cause; Speaker: Susanne Schneider (Germany)	Skills Workshop 2c: Muscle identification and injection Speaker: Stefan Meng (Austria)
18:00 – 20:00	Grand Parade of Movement Disorders Video Session Chair: Kailash Bhatia (UK), Mathieu Anheim (France), Ruth Walker (US) Case Presenters: Diego Torres (US), Zoltan Mari (US)	

Wednesday, 10 June 2020

08:00 – 09:30	Plenary Session 7: Selecting Patients for Neurosurgery and Neuromodulation Chairs: Joachim Krauss (Germany), Beom Seok Jeon (S. Korea)
08:00 – 08:30	Plenary Session 7a: DBS Surgery in PD: who and when? Speaker: Elena Moro (France)
08:30 – 09:00	Plenary Session 7b: DBS surgery in dystonia: who and when? Speaker: Ioannis Isaias (Germany)
09:00 – 09:30	Plenary Session 7c: Noninvasive cortical stimulation: who, where, when, and how? Speaker: Hartwig Siebner (Denmark)
09:30 – 10:00	Coffee Break
10:00 – 11:00	Plenary Session 8: Controversy: MRI and DAT Imaging Can Determine Disease Subtype, Monitor Disease Progression, and Individualize Treatment in PD Chair: Stanley Fahn (US)
10:00 – 10:30	Plenary Session 8a: Yes Speaker: Per Borghammer (Denmark)
10:30 – 11:00	Plenary Session 8b: No Speaker: Jon Stoessl (Canada)
11:00 – 11:40	Best Papers in <i>Parkinsonism and Related Disorders</i> Chairs: Vincenzo Bonifati (Netherlands) and Hubert Fernandez (US) Speakers: Janis Miyasaki (US) and Irena Rektorova (Czechia)
11:40 – 12:30	IAPRD 2020 Congress Awards and Closing Ceremony
